PROFESSIONAL SUMMARY

Aspiring **VAPT Intern / Web Application Penetration Tester** with hands-on experience in web application security testing and OWASP Top 10 vulnerabilities. Skilled in identifying, analyzing, and reporting SQL Injection, XSS, CSRF, IDOR, and authentication flaws. Experienced with Burp Suite, HTTP/HTTPS traffic analysis, and vulnerability reporting. Actively building security-focused projects and seeking to contribute to offensive security teams.

SKILLS

- Vulnerability Assessment & Penetration Testing (VAPT)
- Web Application Security Testing (OWASP Top 10)
- SQL Injection, XSS, CSRF, IDOR
- Authentication & Session Management Testing
- Burp Suite, PortSwigger Web Security Academy
- HTTP/HTTPS Protocol Analysis
- Linux Fundamentals, Reconnaissance & Enumeration
- Vulnerability Reporting & Remediation Guidance

PROJECTS

Security Monitoring Agent | github.com/Muraripothuru/security-monitoring-agent

- Built a security monitoring agent for real-time threat detection and alerting.
- Implemented log ingestion, analysis, and anomaly detection using Python.
- Designed modular architecture aligned with SIEM and SOC use cases.

Tools: Python, Elasticsearch, Linux

Bug Triage Agent | github.com/Muraripothuru/bug-triage-agent

- Developed an automated system to summarize, prioritize, and route bug reports.
- Implemented issue classification logic for development and security workflows.
- Designed scalable components for structured data handling.

Tools: Python, Flask/FastAPI, JSON

WORK EXPERIENCE

VAPT Intern (Remote) | December 2025 – Present

- Conducted manual vulnerability assessment and penetration testing on web applications.
- Identified OWASP Top 10 vulnerabilities including SQLi, XSS, CSRF, IDOR, and auth flaws.
- Used Burp Suite to intercept and analyze HTTP/HTTPS traffic.
- Documented findings with risk impact and remediation recommendations.

CERTIFICATIONS

- CCEP – Red Team Leader
- TryHackMe – Pre Security
- TryHackMe – Jr Penetration Tester
- PortSwigger Web Security Academy

EDUCATION

B.Sc. Cybersecurity – Aarupadai Veedu Institute of Technology, Chennai

Expected May 2028 | CGPA: 8.8

Intermediate (MPC) – Viswasai Junior College, Nellore
March 2024
